Custom Cabinets

Outsourcing that Works for You

This kitchen was designed using KCD Software® and manufactured by Cabi**notch**® using CADCode Systems.

Build more. Spend less. Take control.

From labor shortages to tightening deadlines, today's industry challenges are real. We get it.

At Cabi**notch**®, we're here to help reduce your overhead, unlock your capacity, and protect your bottom line. Discover premium domestic outsourcing solutions designed to help your business thrive now and for generations to come.

HOW IT WORKS:

Design: Create your custom design within KCD Software® or via the Cabi**notch**® Online Webstore.

Price: Get quotes for your individual components through the Cabi**notch**® Online Webstore or upload your entire project from within KCD Software® to get an instant quote for the whole job.

Order: Easily place your order on the Cabi**notch**® Website using Credit Card, PayPal, or ACH. Plan ahead, with Scheduled Ordering you can save a payment method to place an order at a future date.

Build: All components arrive ready for easy sorting, assembly, and finishing. Your project was carefully labeled, cut, packed, and shipped in 5-7 business days from the time of order.

WHY CHOOSE CABINOTCH®:

Truly Custom Cabinets

- Face Frame or Full Access Cabinets
- Precision CNC'd to 1/1000th of an inch
- Optional assembled dovetail drawers boxes, slab doors, drawer fronts, and hardware available

Fast Delivery & Easy Assembly

- Ships within 5-7 business days from time of order (Scheduled Ordering Now Available!)
- Components are carefully labeled for easy sorting
- Fast assembly with the Cabi**notch**® patented wood-to-wood joinery
- No clamping required

FACE FRAME CABINETS:

- 1/2" carcass components with optional 3/4" sides
- UV interiors are standard with optional raw interiors to match frame
- Available in Soft Maple, Alder, Cherry, Hickory, Hard Maple, Red Oak, Walnut, White Oak, Rift Sawn White Oak, and White Primed Hard Maple

FULL ACCESS CABINETS:

- Can come in 3/4" PureBond® hardwood species plywood or with options for 2 sided engineered materials available in several colors
- Available with optional hanging rail, leg levelers, and hinge plate matching
