

Frequently Asked Questions

When learning the software

My cabinets (or closets) are on the wrong side of the wall, how do I adjust this?

Flip the wall! In floor plan view, double click on the wall and select **More**. Click on the **flip wall 180** button.

Tip: When placing walls (in floor plan view) look at your dimension line with the wall number. The dimension line and wall number indicate the backside of the wall. Your cabinets (or closets) will go to the opposite side. Creating a wall by dragging directly from another wall eliminates this happening.

Where is the Base Cabinet with an Oven?

You will find it under **Cooktops** and it is called **Cooktop Oven**. When you put up this unit, set the **Cooktop Width** to zero to eliminate the cooktop so that only the oven remains

Tip: The **Cooktop Width** is the last question in this **Units Menu**.

How do I create a Microwave opening using a Wall Oven Cabinet?

When you change the Wall Oven/Microwave height [**Oven/Mic Opening Ht.**] equal to or less than 21 inches, KCD will create an opening for a Microwave.

How do I create a Double Oven opening using a Wall Oven Cabinet?

When you change the Wall Oven/Microwave height [**Oven/Mic Opening Ht.**] equal to or greater than 34 inches, KCD will create an opening for a Double Oven with the second oven on top.

How can I create shared partitions /vertical dividers when designing a closet?

As you put up your closet sections from the Closet Library, make the side next to an adjacent unit: **zero**. This will eliminate the extra side.

How do I dress up my designs?

Add items included in the **Accessories Library** from the drop down Library Menu in the upper right of your design screen.

Tip: Useful items such as **Dress on Hanger**, **Shoes**, and **Pants on Hanger** can be found under **Clothing**. Items such as **Electrical Outlet** (and switches), **Wall Base Board** and **Fire Extinguisher** are found under **Utility**. To quickly find what you are looking for, use the **Search for a unit** feature found at the top of the library.

We hope these FAQs and TIPS have been helpful. If you're still feeling challenged, please give us a call!
